EDUCATIONAL SESSIONS

Wednesday, August 26

ROOMS 106/107; 110; 316/317 9AM - 12PM

**REQUIRED FOR ALL FIRST-YEAR STUDENTS; MUST ATTEND ALL SESSIONS!*

Healthy Relationships

Sexual assault and domestic violence are on the rise across the country. In this session, students will learn more about resources and services available in the community and at MCC, as well as the importance of these vital resources used on campus.

Diversity & Belonging

In order to be successful, students need to understand what it means to work with and interact with people who are different than them in a meaningful way-not just in a "politically correct" understanding.

Director of Student Life and College Housing Jessica Lofland will be talking about what it means to live among diverse people, the benefits of a diverse society, and some of the social issues students face while in the college setting.

Personal Safety & Health

In this session, students will learn about campus safety and some of the issues facing college campuses, including MCC.

Vice President of Student Engagement Richard DeShields will explain important resources found on campus and how to communicate issues in a timely manner. Students will also discuss other topics such as campus emergencies and hazing.

**SESSIONS REQUIRED FOR ALL
FIRST-YEAR STUDENTS**

**MUST ATTEND ONE OF EACH SESSION
